Thanks! It looks like you only entered the one submission for 6/18/21. You'll get the standard reminder notification at 30 days if the submission hasn't been acted upon before then. So I think we're good!

Subject: quick question re: ND 2021 WQS entry to WATA

Hi Greg, I just entered ND's 2021 WQS info and submission dox to WATA. I think I accidentally added one of the submissions documents as a new submission (it's ND's Response to Public Comments).

The document is in the initial submission, but it's also on a separate line beneath ND's WQS submission. I just wanted to let you know so it doesn't result in a 60-day deadline alert.

Thanks,
Holly
